

Praying For... Schools

DAILY PRAYER POINTS

September

Schools are the primary training centres in most western societies. Much of what is taught there, however, does not reflect the values we as Christians hold dear. Add up the amount of time the children in your life spend with a school teachers and compare that with the amount of time they spend with their family/parents and church members. How does it compare?

1. that wise decisions will be made regarding curriculum, rules, hiring, etc.
2. for schools to be safe from alcohol, sexual activity, violence, and hate.
3. for protection on playgrounds as well as in the classrooms.
4. that those of bad influence would be kept from teaching in our schools.
5. that our schools would be platforms for learning virtue and practicing it.
6. that laws will begin to reflect the values of parents who want to have more influence in their children's education through charter, private and home schooling options and tax incentives.
7. that Christian children attending public schools will know their rights to be a witness and not be intimidated by misinformation about the restrictions on "church and state."
