school¹ (skool) *n.*

1. An institution for the instruction of children or people.
2. An institution for instruction in a skill or business

A school is any place designated for learning. Its purpose is to educate and indoctrinate those attending. Ninety percent of America's youngsters attend some type of school. By spending time in prayer for schools, you have an incredible opportunity to change the future.

Week 1

Public Schools

It has been more than 40-years since the U.S. Supreme Court ruled that prayer in our Nation's schools was unconstitutional. Since then, our nation has experienced declines in many areas of American life including: school academics and environment; student performance, and increases in family breakups, teenage pregnancies and violent crime. Prayer can change this.

Pray:

- that wise decisions will be made regarding curriculum, rules, hiring, etc.
 - Schools to be safe from alcohol, sexual activity, violence, and hate
 - for protection on playgrounds as well as in the classrooms
 - that those of bad influence would be kept from teaching in our schools
 - that our schools would be platforms for learning virtue and practicing it.
-

Week 2

Sunday School

Pray...

- for the teachers who give of their time and money to teach.
- for wisdom in dealing with both church and non-church children.
- for the effectiveness of all efforts.
- for the children to apply what they are taught.

- for the Sunday school department to meet the needs of children.
 - for the teachers to be able to effectively communicate.
 - that new methods for reaching today's generation will be discovered and shared.
 - that elders will have interested recruits to train in the area of children's ministry.
-

Week 3
Teachers

Pray:

- for boldness to godly teachers to speak the truth
 - for teachers to instruct by godly principles rather than secular humanistic values
 - for teachers to come to know God's love in Jesus Christ;
 - for teachers' safety
 - for teachers to be sensitive to the needs of children – especially those in dysfunctional families
 - That teachers would build strong character in our school kids.
-

Week 4
Colleges/Universities

There is a growing spiritual decline inside of the institutions of higher learning. The decision to change the history of this nation belongs to the church.

Pray:
